FOR YOUR INFORMATION

Cosumnes River College's very first **planned gift** will be directed to endow scholarships for students studying veterinary technology. While we cannot identify the donor at this time, we can confirm that this gift comes in recognition of the excellent faculty, staff and students in CRC's **Veterinary Technology program**. This substantial gift represents not only a significant investment in our institution, but also a host of new opportunities for Cosumnes River College students now and in the future. The CRC Office of College Advancement will have additional information soon.

Thanks to the generosity of the CRC community, we're well on our way to meeting the **Pepsi Challenge** goal for the Cosumnes River College **Annual Fund!** As you may know, Pepsi has offered to match each and every dollar we raise (up to \$5,000) in support of the Annual Fund through December 31, 2009. That's a total of \$10,000 in support we can provide for our students. There's still time left to donate to the fund that helps us address the most critical needs on the CRC campus. If you'd like to become an Annual Fund supporter please contact **Ken Cooper** or **Lynn Demirer** in the Office of College Advancement for a donation form today. You can also give online at www.crc.losrios.edu/foundation. Click the orange "Make a Gift Now" button. Thank you for all you do in support of CRC student success!
