Certificate of Achievement – Accounting, Advanced

Certificate of Achievement – Accounting Clerk

Certificate of Proficiency – Accounting, Taxation

Accounting Program Student Learning Outcomes from the 2005 PrOF (Program Review)

General Accounting Theory and Practice

- Demonstrate a firm understanding and working knowledge of basic accounting terminology and the process by which transactions are analyzed and transformed into financial statements.
- Compute, classify, record, and verify numerical data, both manually and with computing equipment, in order to develop and maintain financial records.

Analytical Skills

- Demonstrate intelligent interpretation and use of financial statements in managing and analyzing business operations.
- Demonstrate the ability to identify key issues, research relevant data, and think critically and analytically about the possible solutions for the financial problem encountered.

Communication Skills

- Create accurate, professional, and appropriate accounting documents and reports for the business entity served.
- Receive and process written and oral financial information and prepare the appropriate response for management, investor, clients, or other fellow professionals.
- Work effectively, individually and as a member of a group

Technology Skills

- Demonstrate effective use of all technology applicable to the accounting field.
- Demonstrate proficiency in the use of accounting software, spreadsheets, and databases applicable to accounting practice and procedures.

Critical Thinking Skills

- Record, summarize, analyze, and interpret financial activities to permit individuals and organizations to make informed judgments and sensible business decisions.
- Comprehend an unrelated set of financial facts; identify and anticipate problems and find acceptable solutions for the business entity served.

Ethics

- Practice high ethical standards in all contacts with employers, clients, co workers, and general public
- Demonstrate the ability to act with integrity and honesty and choose an ethical course of action

Diversity

- Demonstrate the ability to relate and interact effectively in teams consisting of individuals with differing interest, gender, backgrounds, and professions.
