

Program SLOs Engineering

A.S. Degree - Engineering

Program Student Learning Outcomes From the 2005 PrOF (Program Review)

P-SLO 1 Apply knowledge of math, science, and engineering.

P-SLO 2 Conduct experiments, analyze and interpret data.

P-SLO 3 Design a simple object within constraints.

P-SLO 4 Solve engineering problems.

P-SLO 5 Act professionally and make ethical decisions.

P-SLO 6 Communicate effectively.

P-SLO 7 Use techniques, processes, and tools needed in engineering practice.
