Technical Notes:

These figures reflect a new, *entering* transfer cohort (to the UC, CSU or both, as specified) for each academic year.

¹ CRC figures include data for the Folsom and El Dorado centers through 2003-04 for CSU transfers and through 2004-05 for UC transfers; as such, the drop in transfers in 2004-05 for CRC reflects an artificial drop in terms of CSU and total transfers in 2004-05. UC will begin reporting FLC transfers in 2005-06.

* Due to discrepancies between the total transfer counts in CPEC'S system-wide transfers and in the transfer counts by ethnicity from the *Student Profile* reports and 2003-04 *On-Line Data System*, counts prior to 2002-03 that were adjusted/updated are not reflected in these reports. As such, the statewide counts by ethnicity do not add up to the total counts for 2002-03 and 2003-04 as reported in these tables.

** ARC transfer data for 2004-05 include 3 transfers from the old Placerville (now El Dorado) Center that have been historically counted in ARC totals, that should now be included in the FLC transfer counts. Because breakdowns by ethnicity or by transfer institution were not reported the 3 transfers will remain in the ARC counts, even though they should now be included in the FLC transfer counts. A request to change the reporting structure to reflect that the El Dorado Center is part of FLC has been made to the System Office.
