ANNOUNCEMENTS

Patrons eWaste Fundraiser—The Patrons Club will host a free electronic waste drive on Saturday, November 10 from 9:00 a.m. to 1:00 p.m. in Parking Lot D to raise funds for student scholarships. Sponsored by California Electronic Asset Recovery (CEAR, Inc.), the waste drop-off will allow the community to participate without getting out of their cars. Monies raised will benefit the students at CRC through scholarships.

Don’t forget tomorrow is election day. Get out there and vote!

STUDENT HIGHLIGHTS

Seven Los Rios students recently participated in the annual MESA Student Leadership Conference in Sacramento. This year, students were invited to participate in a Business Case Study Challenge. Two CRC MESA students, Justin Laguardia and Natnael Tessema were part of the 4-student CRC-SCC team that placed first in the Community College segment of the competition and received a $1,000 prize!

The CRC Enactus Club (formerly CRC SIFE) organized the Extreme Entrepreneurship Tour event on October 30 and nearly filled the Recital Hall with an energized crowd of students and community members who learned more about themselves and about starting a business. Speakers EJ Carrion and Duane Spires had the crowd on their feet at times and delivered a positive message on overcoming obstacles to make it rich and give back to the community. The CRC Enactus Club thanks all CRC students and employees who helped to make this event a success. See photos at left.

The CRC Enactus Club was also awarded a $1,500 Sam’s Club “Step Up for Small Success” Project Partnership Grant to create a Marketing Plan for the Elk Grove Food Bank Services. Markus Geissler, the club’s faculty advisor, said that “This grant from Sam’s Club will help the CRC Enactus Club finance the operations necessary to put on a substantial campaign that will raise the visibility of the Elk Grove Food Bank. It is part of a multifaceted effort to help needy families in our community, and our projects with the EGFBS continue to serve as great learning experiences for our students.”
