 Make a difference today!

Who We Are: STEM IDEA is a grassroots non-profit organization. Operating as an afterschool STEM (Science, Technology, Engineering and Math) program, we strive to spark imagination and creativity when school is out! Through our program, children engage in exciting hands-on activities, watch spectacular demonstrations, participate in inquiry-based discussions and create projects like model rockets, periscopes, etc.

For more information, visit us at: http://lelantphuong.wix.com/stemidea

• Commit 1+ hour(s) a week
• Good communication skills
• Passion for helping students
• Able to follow instructions and work independently
• Reliable Transportation
