NAME AND ADDRESS

Name(s)

Enter your full legal name (last, first, middle) in upper and lower case in the space provided. You may use your middle initial in place of your full middle name. Leave the middle name blank if you have none. If applicable, select the suffix (e.g., Jr., Sr., II, III). Use this name on all correspondence to the university.

Other name(s): If the names that appear on any of your academic records are different from your legal name, type them in the spaces provided, in upper and lower case.

Sometimes students have nicknames or names by which they prefer to be called. For the purpose of this application, however, be sure to provide only the name(s) by which you are listed on official transcripts and documents from testing agencies and other official records so that all documents can be matched.

If your legal name and the names on all of your academic records are the same, leave this section blank.

Current Mailing Address

Type your number and street or P.O. box, city, and zip code (or the international postal code if applicable). Select the U.S. state/territory, international state/province, and country from each respective dropdown menu.

If your address changes after you apply, send your new address to the campus' office of admissions.
**Permanent Address**

If your permanent address is the same as your current mailing address, click on the link to copy your current address information into the permanent address boxes.

If your permanent address is not the same as your current mailing address, type your number and street or P.O. box, city, and zip code (or the international postal code if applicable). Select the U.S. state/territory, international state/province, and country from their respective dropdown menus.

**PLEASE NOTE:** Some of the address questions on this screen are compared with a national U.S. database maintained by the United States Postal Service. In order to conform to USPS address standards, some of the address information you enter may be reformatted or modified slightly.

If an address cannot be recognized by the database, an error message will appear. You may correct any errors or, if you believe the information to be correct, override this application's checks and proceed with your entry.

If you choose to override this address validation, please make absolutely certain the address you entered is correct. Any errors could delay the processing of your application or the receipt of communications from the CSU campus(es).

**Contact Information**

**Primary telephone:** If your current mailing address is in the United States, type your area code and telephone number at your current address in the format: (###) ###-####.

If you do not have a current telephone number in the United States, leave this entry blank.

If you do not have a second telephone number where you can be reached, leave this entry blank.

**E-mail address:** Please enter your full e-mail address in the space provided. If you have more than one e-mail account, enter the address at which you may be contacted the most readily. E-mail is a primary means of communication with applicants. CSU campuses will send important messages to you using the e-mail address that you list on this application.

It is your responsibility to check this e-mail account regularly and read your messages from the CSU. Be sure to notify the campus(es) if this e-mail address changes.

**PERSONAL INFORMATION**

**Applicant Information**

**Social Security Number:** Enter your full nine-digit Social Security Number in the space provided (###-##-####). For verification purposes, retype your Social Security Number in the verification field.

If you do not know your Social Security Number or do not have one, leave this entry blank.

You are required to include your Social Security Number on admission application forms to all CSU campuses pursuant to Section 41201, Title 5, Code of California Regulations and Section 6109 of the Internal Revenue Code. CSU campuses may use the Social Security Number to identify your student records maintained in your association with the campus and, if needed, to help collect debts owed the university. Also, the Internal Revenue Service requires the university to file information returns that include the student’s Social Security Number and other information, such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether you, or a person claiming you as a dependent, may take a credit or deduction to reduce federal income taxes.

If you do not have a Social Security Number at the time you file the application, you may leave the item blank and the campus will assign a temporary number. Furnishing an invalid Social Security Number may result in the imposition of a penalty by the Internal Revenue Service. However, you should obtain a Social Security Number and submit it to the university by the time you begin enrollment, unless you are prohibited by law.
California Statewide Student ID (Optional: for California residents only, if known): The Statewide Student Identifier (SSID) allows an individual student's data to be uniquely distinguishable from that of other students and to be consistently identified over their entire K-12 academic career. The SSID is a ten digit, random numeric value that is intended to be stored at the student's public school district so that it may be associated with that student. The California SSID is non-personally identifiable back to an individual student. All students attending a California public high school anytime since 2006 have been assigned an SSID. This SSID may be indicated on your high school transcript.

**Miscellaneous Information**

**Intercollegiate sports:** Indicate whether you are interested in participating in NCAA-sanctioned sports. If yes, please specify the sport.

**CALIFORNIA STATE RESIDENCY INFORMATION**

Your responses to these questions are required for the campus to make a preliminary assessment of your residency status for admission and tuition purposes. The campus may request additional information prior to making a final residence determination. (Education Code Section 68041)

**Residence Classification Information**

Under California law, each campus must determine the residency status of all new and returning students. Nonresidents are required to pay nonresident tuition and meet other conditions. Generally, to be eligible for a resident classification, an adult (independent) student must have established and maintained permanent residence in California at least one year prior to the residence determination date. Minors (dependent students) derive residency status from their parents/guardians. The residence determination dates for each academic term are:

<table>
<thead>
<tr>
<th></th>
<th>Quarter Calendars</th>
<th>Semester Calendars</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>September 20</td>
<td>September 20</td>
</tr>
<tr>

<td></td>
</tr>
<tr>
<td>Spring</td>
<td>April 1</td>
<td>January 25</td>
</tr>
<tr>
<td>Summer</td>
<td>July 1</td>
<td>June 1</td>
</tr>
</tbody>
</table>

Proof of residence requires evidence of both physical presence and intent to remain indefinitely in California at least one year before the residence determination date. In addition, other rules and exceptions apply. Failure to complete all residence questions may result in a nonresident classification or denial of admission. For more detailed information, please consult the campus catalogs.

DEMOGRAPHIC INFORMATION

To conform to guidelines from the Federal government, the California State University must collect from students detailed information about their ethnic and racial backgrounds. [This information will not affect any student’s application for admission.]

These guidelines from the Federal Office of Management and Budget (OMB) define ethnicity and race as separate concepts. The guidelines advise that, wherever possible, separate questions should be asked on each concept. According to OMB, the guidelines accommodate "the increasing diversity of our Nation's population, stemming from growth in interracial marriages and immigration." The CSU application reflects the intent of the guidelines. Applicants are first asked to self-identify their ethnic origin and then they are asked to choose the race or races with which they most closely identify.

Ethnicity

In accordance with the OMB guidelines, ethnicity is defined as being "Hispanic or Latino" and "Not Hispanic or Latino." In general, OMB defines ethnicity or origin as the heritage, nationality group, lineage, or country of birth of the person or the person's parents or ancestors before their arrival in the United States. The CSU application lists 23 separate Hispanic or Latino identities that are associated with the peoples of Mexico, Central America, South America, the Caribbean, and Spain. People who identify their origin as Spanish, Hispanic, or Latino may be of any race.

Race

The racial identifications listed in the CSU application span the minimum 5 racial categories called for by the OMB guidelines:

- White
- Black or African-American
- American Indian or Alaska Native
- Asian
- Native Hawaiian or other Pacific Islander

These racial categories are similar to the categories found in older versions of the CSU application. The important difference is that applicants can now select two or more categories to self-identify their racial origins. A second difference is that applicants can now respond to more explicit options.

Below are the U.S. Census definitions for the minimum 5 race categories required by OMB:

1. "White" refers to people having origins in any of the original peoples of Europe, the Middle East, or North Africa. It includes people who indicate their race or races as "White" or self-identify with terms like Irish, German, Italian, Lebanese, Near Easterner, Arab, or Polish.

2. "Black or African American" refers to people having origins in any of the Black racial groups of Africa. It includes people who indicate their race or races as "Black," "African American," "Nigerian," or "Haitian."

3. "American Indian and Alaska Native" refers to people having origins with the original peoples of North and South America (including Central America), and who maintain tribal affiliation or community attachment. The 30 tribal entities listed in the CSU application focus on tribal affiliations found in California. For example, the list includes "Chumash," "Paiute," or "Shoshone." The list also contains three generic categories for tribal entities whose origins are outside California.

5. "Native Hawaiian and other Pacific Islander" refers to people having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. It includes people who indicate their race or races such as "Native Hawaiian," "Guamanian or Chamorro," "Samoa," or "Tahitian." In all, the categories listed in the CSU application span 24 identities associated with Polynesia, Micronesia, and Melanesia.
Question 1a: With regard to your ethnicity, do you consider yourself Hispanic or Latino? Select the appropriate answer. If you answer “Yes”, you must answer Question 1b. If you answer “No” or “Decline to State”, please proceed directly to Questions 2 and 3.

Question 1b: If you indicated above that you consider yourself Hispanic or Latino, please select the ONE category that best describes your background. Select the appropriate answer. If you select “Other Hispanic or Latino”, please provide more detailed information in the text box provided.

Question 2: Regardless of your answer to question 1a above, please select below one or more of the following groups in which you consider yourself to be a member. There are five sub-questions and an option to decline to state. Select the option or options that best describe you. You can select up to five total responses. If you select one of the “Other…” categories, please provide more detailed information in the appropriate text box.

Question 3: California State University often needs to report ONLY ONE summary race/ethnicity description for a person. Please select your reporting preference. Select the appropriate answer.

Legal Sex

Question 4: Select your legally assigned sex. Select the appropriate answer.

All applicants must answer the “Current/Last High School Attended” questions on Screen 6.

COLLEGE INFORMATION

Have your college transcript(s) handy to refer to as you complete this section. You will need to know your exact classes and grades.
**Transcripts (Transfer)**

When requested by a CSU, applicants must submit “official” transcript copies from all colleges or universities attended, even if no coursework was completed. Transcripts must be received in sealed envelopes directly from each institution attended or electronically from the issuing college or university. If you are transferring with fewer than 60 semester (90 quarter) transferable units of study, you must also submit an official copy of your high school transcript. Applicants with 60 semester (90 quarter) or more transferable units may be asked to submit high school transcripts.

It is recommended that you keep copies of all transcripts and test scores submitted for academic advising sessions and to complete this application.

**Current, Previous and Planned Colleges Attended**

Please list ALL colleges and universities you will have attended before you enroll at a CSU campus, even if no coursework was completed. Begin with the last (most recent or current) institution attended.

Complete this section regardless of your length of attendance, whether courses were completed, whether you believe the record will affect your chances for admission.

- To select your college, click the "Add a College" button. In the new window (List of Colleges/Universities), select the school's state and country, then search for the college name, highlight the name of your college, and click the [next] link at the bottom of the window. Note: The lists are in alphabetical order and you should try searching for the school in several ways. For instance, University of Nevada, Las Vegas may be alphabetized under U, N, or L. Once you click [next], another window (“Add College”) will open. Enter: the “from” and “to” dates of your attendance (in mm/yyyy format); the number of transferable semester or quarter units and grade points that you calculate you have completed to date; the term type; the type of degree and date (in mm/yyyy format); and the fee status (if you paid fees as a resident or nonresident while attending that college). Once this information is entered, then select the [add college] link to add this college to your application.

- If you cannot find your college in the listing provided on the "List of Colleges/Universities" window, search 3 times and then click the [not on the list] link. You will then be prompted to enter the unlisted institution name and U.S. state/territory on the "College/University Manual Entry" window. Once you have entered this, click on the [next] link. This will open the “Add College/University” window where you enter: the “from” and “to” dates of your attendance (in mm/yyyy format); the number of transferable semester or quarter units and grade points that you calculate you have completed to date; the term type; the type of degree and date (in mm/yyyy format); and the fee status (if you paid fees as a resident or nonresident while attending that college). Once this information is entered, then select the [add college] link to add this college to your application.

- When entering units completed, units attempted, and grade points, you should use information from your college transcript. Include only units and grade points on CSU transferable courses.

Your application is **not complete** unless you list all schools you have attended. You will jeopardize your admission or enrollment status in the California State University if you do not:

1. Provide correct information about all schools you have attended, or
2. Notify the admissions office if you have enrolled in another institution after filing this application.

**Advanced Standing Credit**

If you have earned college credit based on exam results for International Baccalaureate (IB), College Board Advanced Placement (AP) or College Level Examination Program (CLEP), or from military credit earned through the Air Force, Army, Coast Guard, Marines, National Guard, or the Navy, please check the appropriate box or boxes.

Please consult the CSU campus catalogs for more specific information about how credits earned via AP, IB, CLEP or military credit is applicable for admission and the program to which you are applying.

AP - The CSU awards college credit generally for scores of 3, 4 or 5 on AP. You are eligible for at least 3 semester college course units/credits applicable towards your CSU degree for each AP test on which you earned a qualifying score. You may include AP college credits in the total credits you report as earned at the college or university you attended after you graduated from high school. You must submit an official score report from the College Board to the CSU campus so that you can receive the college credit. Instructions for applying AP credit to CSU GE requirement areas are included below.

EDUCATIONAL OPPORTUNITY PROGRAM (EOP)

Each CSU campus has an Educational Opportunity Program for low-income undergraduate students who are disadvantaged because of their economic and educational backgrounds. EOP serves California residents who do not meet regular admission criteria, as well as those who qualify for regular admission, if they have a history of low income and need academic and financial assistance.

If you wish to be considered for the EOP, select “Yes” to the question: “Are you interested in applying to EOP?”

If you are currently enrolled in any EOP/EOP&S programs, list the CSU or CCC campus.

In addition to these questions, you must complete and submit the additional EOP application. You may do so online with your CSUMentor account. Please note that in order to apply to the Educational Opportunity Program online, you must submit an undergraduate application for that campus first. You may also download the EOP form.
