## Contribution to Student Success

- ◇ Many of our student athletes have left CRC with an athletic scholarship to a four-year institution. Watching them move on and succeed is one of the highlights of my job.
- ◇ **Brandon's Student Success Story:** Adapted physical education is an extraordinary program which allows me work with students with disabilities. I consider our students to be as inspirational to me as I am to them. Helping students improve their health and fitness as a method of attaining their academic goals is very rewarding.
