

Spring 2018 Student Election Campaign Information Associated Students of CRC (ASCRC) & Student Trustee (ST)

Campaign Rules

In order to ensure that student elections are fair, we have made a set of rules for every candidate to follow. It is imperative you review and comply with all relevant LRCCD Policies and Regulations 2311, in section 5 regarding campaigning. In addition to these regulations, the following rules apply to campaigning and posting. Rules and regulations are in place to ensure a fair election process. Breaking any of the rules may result in termination of your candidacy and/or other action as determined by the CRC Student Life & Leadership Center (SLLC).

- Campaigning and the posting of all materials may begin the week prior to elections and will end 24 hours after the close of elections when all materials must be removed (See election Timeline). You are responsible for removing all of your own campaign materials.
- Your campaign should be positive and focus on you. No negative campaigning in any way, shape, or form will be permitted. Negative campaigning includes foul language, slander, covering up or removing other candidate's postings, or anything that may be considered illegal or unethical.
- Campaigning is not to interrupt the learning environment and is not permitted in the computer labs. Campaigning in classrooms is by instructor permission only.
